PUBLICATIONS.

THE GLOBE.
THE OFFICIAL PAPER OF CONGRESS.

I PUBLISH now my annual Prospectus of the Daily Globe, and the Congressional Globe and Appendix, to remind subscribers, and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall recommence publishing the above-named papers. They have been published so long, that most public men know their character, and therefore I deem it needless to give a minute account of the kind of matter they will contain.

The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters equal, at least, to any corps of shorthand writers in this, or in any other county. A majority of them will, each, be able to report, verbatim, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand five hundred words an hour. When the debates of a day do not make more than forty-five columns, they will appear in the Daily Globe of the next morning, which will contain, also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quoto size, each number containing sixteen pages. The whole will make, it is believed, between 3,800 and 2,900 pages, the long sessions for many years past having ranged between those numbers, and the next session will be a long one. This I believe is the cheapest work ever sold in any country, whether a reprint, or printed from manuscript copy, taking for data the average number of words of the long sessions since the year 1848. The average number of pages is 3,876, and the average number of words on a page is 2,397, consequently the average number of words of a long session is 9,290,772. As I have sold to subscribers that number of words for *six kollars*, it follows that they paid less thrn six and one half cens for every 100,00 words I hava furnished them, while I have paid my reporters $6 29 for every 2,397 words, of this work, in manuscript.

The coming session will, without doubt, be an unusually interesting one, because the candidates of the respective parties for President and Vice President of the United States will be nominated before it closes, ane. thoerefore, the debates will be mostly on such political questions as, it may be thought, will tend to influence public opinion in regard to the persons to be supported for these offices, and the Globe will be, as has been for many years past, the only source from which the full debates of Congress can be obtained.

The Congressional Globe and Appendix pass free throogh the mails of the United States, as will be seen by reading the following Joint Resolution passed by Congress the 6th of August, 1852:

Joint Resolution providing for the distribution of the Laws of Congress and the Debates thereon.

With a view to the cheap circulation of the laws of Congress and the debates contributing to the true interpretation thereof, and to make free the communication between the representative and constituent bodies:

Be it resolved by the Senate and House of Representatives of the United States os America in Cohgress Assembled, That from and after the present session of Congress, the Congreesional Globe and Appendix, which contain the laws and debates theseon, shall pass free through the mails so long as the same shall be published by order of Congress; Provided, That nothing herein shall be constructed to authorize the circulation of the Daily Globe free postage.

TERMS:

For a copy of the Daily Globe, during the Session, $5 00
For one copy of the Congeõsional Globe and Appendix. during the session $6 00
For two copies ditto, when ordered at the same time $10 00

No attention will be paid to any order unless the money accompany it.

Bank notes, current in the section of the country where a subsciber resides, will be received at par. The whole or any part of the subscription may be remitted in postage stamps, which is preferable to any currency, except gold or silver.

I cannot afford to exchange with all the newspapers that desire the Globe; but I will send the Daily Globe during the session to the editors of those papers who publish this Prospectus three times before the first Monday of next december, and send to me one number of their paper containing it, marked with a pen to direct my attention to it.

HN C. RIVES.
Washington, Nov. 22, 1859. d-3t

SCOTTISH AMMRICAN JOURNAL,

SECOND VOLUME,

6th November, 1858.

IN announcing a new volume of the SCOTTISH AMERICAN JOURNAL, the Proprietor begs to call attention to those features of the paper which have already secured for it a large share of support, and which ought to commend it to the patronage of a still more numerous class of readers.

The special feature of the paper is that it is a SCOTTISH Journal containing notices of every event occurring in Scotland that can be regarded as of the least interest to natives of the country now residing on this continent. The news of the whole country is carefully collected and condensed, so that no event which it concerns Scotchmen to know is ever ommitted from the columns of the paper. Articles relating to Scottish subjects, original and selected, are also published from time to time and the more special character of the Jonrnal is sustained by literary features of national interest in the form of tales, historical and miscellaneous sketcees, anecdotes and poetry.

While thus national in its character so far, these special features occupy comparatively limited space in the eight large pages of which the paper consists, three-fourths of which are devoted to news and other general matter calculated to be of interest to all classes of readers, and not to Scotchmen alone. A carefully compiled epitome of intelligence from England, Ireland the continent of Europe, and all parts of the world is given in every number, with extracts from the leading articles of the British Journals on the most interesting public topics of the day.

With a view to increase the popular interest of the "Scottish American Journal," and to add to its value as a family paper arrangements have been made for a series of attractive tales founded chiefly on subjects connected with Scottish life. The first of these stories, entitled "Clara Howard; a tale of the Crimean War," commences with the first number of the new volume. A considarable instalment of the story will be given in every number till it is completed, and will form interesting reading for the winter evenings alike for old and young. It will be followed by a succession of other tales of equally popular character.

THE DAILY PRESS.

On or about the first day of January, 1860, I snal commence the publication of a paper, in the city of Raleigh, to be called "THE DAILY PRESS," which I propose to continue until the close of the present session of Congress; and if, at the expiration of that time, I receive sufficient encouragement, I shall make it a permanent paper.

The necessity for such a paper in this city, is apparent to every one. The exciting times demand that our citizens should be informed daily of the transpiring of events abroad, and there is no mode of doing this, but by issuing a daily paper, containing telegraphic dispatches of the latest news, up to the moment of going to press.

I am now endeavoring to consummate arrangements with the Telegraphic Company by which I may get a report of each day's proceedings of Congress, the foreign news, and market reports, twenty-four hours in advance of the mails. To do this will incur a heavy outlay on my part, which I expect to realize, however, from the citizens of Raleigh, Fayetteville, Hillsboro,' Franklinton, Henderson, Warrenton, Goldsboro,' Greensboro', and of she various post-offices along the lines of the Railroads.

It would be a shame if the city of Raleigh, alone, did not amply support of a Daily, and I most earnestly appeal to the citizens to come forward promptly and energetically and do it. I do not expect to make money by the porject; nor do I wish to lose money. All I ask, is a sufficient patronage to enable me to pay for my telegraphic reports.

I ought to, and must have one hundred and fifty names in Raleigh, and a large list at all the places named above.

TERMS:

For one year, - - - $6 00
" six months, - - - 3 00

Payable on delivery of first number.

☞ One hundred and fifty names will secure the publication of the "DAILY PRESS,"

All that I now ask of my friends is, that they will send me their names immediately [without the money] so that I can determine by the first of January what I shall do. The money is not expected until the appearance of the first number.

R. H. WHITAKER, Editor.

Raleigh, Dec. 25, 1859.

☞ Eveybody is respectfully requested to act as agents sending names to the Daily Press.

THE WILSON SCHOOLS,
FOR YOUNG LADIES AND GENTLEMEN.
BY MR. & MRS. RICHARDSON,
Aided by a full Corps of Assistant Teachers.

THE EXERCISES OF THE ENSUING Scholastic Year will be resumed on Thursday, the First day of September. Applicants examined for admission nd classification on Thursday and Friday, when all should be present who contemplate pursuing a Regular Course of Steady. Ay Gmnastic department will be added to the Male School the coming session, the object of which is to supply the great universal need of all instructions of Learning—namely, Regular Physical Training. Among the numerous exercises of this Department, designed to please as well as to benefit, are the small and broad sword exercises, infantry drill, upright and parallel bars, &c., &c. Mr. E. Prentiss Tucke, who will become associated with the Schools as Professor of Mathematics. Practical Surveying and Civil Engineering, will superintend this department. He will also give instruction in the use of the Compass, Transit, Theodolite, and Level; also in plotting Surveys, Profile making, and the estimate of earth work and Masonary. A Gaisthentic Department will alo be added to the Seminary, to correspond with the Gymnasium. It is designed by the friends of these Institutions to lay the foundation of a Polytechnick School for young Centlemen, and to establish beyond contingency, a school for Young Ladies, in which, after the completion of a Regular course in our own or in other Institutions, they can be taught the Fine Arts as a speciality. To this end vigorous plans are in operation, and Buildings are in process of erection, which in all their arrangements, furnishings and appointments, are to be of the first order, and especially designed for their purpose. The Male and Female Departments are separate. Sectarianism theoretically and practically excluded. For the plan of the Schools in full, address at Wilson, N. C.

MEDICAL.

Baltimore Lock Hospital.

DR. JOHNSTON.

THE founder of this Celebrated Institution offers the most Certain, Speedy, and only effectual remedy, in the world for Gleets, Strictures, Seminal weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitations of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy Disorders arising from all those Destructive habits of youth which destroy body and mind. These secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible

Young Men

especially, who have become the victims of Solitary Vice, that dealful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with all confidence.

Marriage.

Married Persons, or, Young Men contemplating marriage, being aware of Phisical weakness, Organic Debility, Deformities, &c., should immediately consult Dr. J., and be restored to perfect health.

He who places himself under the care of Dr, Jhonston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physcian

Organic Weakness

immediately cured, and full vigor restored.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.—Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to the body and mind arise.—The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, etc.

Nervous Debility.

Weakness of the system. Nervous Debility and premature decay generally arise from the Destructive habit of youth, that solitary practice so fatal to the healthful existence of man, and it is the young who who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption, also, those serious mental effects, such as loss of memory, depression of spirits, or peculiar fits of melancholy, when the truth is, they have been caused by indulging in pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their country, a pleasure to their friends and ornaments to society.

OFFICE No. 7 SOUTH FREDRICK ST.,
left hand side going from Baltimore street, 7 doors from the corner.

☞ Be particular in observing the name and number, or you will mistake the place.

☞ Take notice, observe the name on the door and windows. *A Cure warranted, or no Charge Made, in from One to Two Days.*

NO MERCURY OR NAUSEOUS DRUG USED.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elswhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A Certain Disease.

When the misguided and imprudent votary of pleasure finds he has exhibited the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the unconstitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains, in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till as last the palace of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending to "that bourne from whence no traveler returns," To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secresy, and from his extensive practice in the first hospitals in Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact, that thousands fall victims to this dreadful poison, mercury, ruin the constitution and even send the unfortunate sufferer to an untimely grave, or else make the residue of his life miserable.

Take Particular Notice.

Dr. J addresses all those who have injured themselves by private and improper indulgences,

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irratability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The fearful effects upon the mind are much to be dreaded: Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated have a singular appearance about the eyes, cough and symptoms of consumption.

Dr. Johnson's Invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the organs are speedily cured, and full vigor restored. Thousands of the most nervous and debilitated, who had lost all hope, have been relieved. All impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tromblings and Weakness or exhaustion of the most fearful kind speedily cured Dr. Johnson

Young Men.

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which, are nightly felt, even when asleep, and if not cured, renders impossible, and destroys both mind and body should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons before contemplating

Marriage

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another, becomes blighted with our own.

OFFICE, No 7, SOUTH FREDERICK ST.
Baltimore Maryland.

☞ Let no false modesty prevent you, but apply immediately, either personally or by letter.

N. B.—There are so many ignorant and worthless Quacks advertising themselves as Physicians, ruining the health of the already afflicted, that Dr. Johnston deems it necessary to say, especially to those unacquainted with his reputation, that his credentials or diplomas always hang in his office.

ENDORSEMENT OF THE PRESS

The many thousands cured at this institution within the last fifteen years, and the numerous important Surgical Operations performed by Dr. Johnson witnessed by the reporters of the papers and many other persons, notices of which have appeared again and again before public, besides his standing as a gentleman of character and responsibility, is sufficient guarantee to the afflicted.

SKIN DISEASES SPEEDILY CURED.

☞ Take Notice. All letters must be post-paid and contain a postage stamp for the reply, of no answer will be sent.

May 30. -1y

MISCELLANEOUS

AMERICAN AND FOREIGN
Stereoscopic Emporium.
E. ANTHONY,
308 Broadway, N w York.
After May 1st, 1860, at 501 BROADWAY, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, entertaining amusing, and exciting of modern inventions.

None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and beauty.

No home is complete without it, and it must and will penetrate everywhere,

It presents to your view every part of the world, in all the relief, boldness, perspective, and sharpness of detail, as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the results of their skill are constantly enriching our stock.

We have an immense variety of paper Views of Scenes in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Tuileries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical amusing, marriage scenes, breaklast scenes, pic-nics, statuary, &c., &c. An exquisite assortment of Illuminated Interiors of Palaces, Churchea and Cathedrals of France, Italy, &c., &c. The effect of these illuminated views is most remarkable.

Every Gentleman of Wealth and Refined taste should have in his drawing room some of our exquisite views on glass with a revolving stereoscope, showing 12. 25, 50 or 100 scenes, Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the fortieth part of a second, and everything no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic Illustrations of the scene of the FULTON STREET PRAYER MEETINGS, in which many hearts feel an interest. The particulars of this will be found in our catalogues.

Our Catalogue of subjects and prices will be forwarded to any address on receipt of a stamp.

Parties at a distance sending us $5, $5, $10, $15, $20, or $25 can have a good instrument and such pictures as they may request, sent by express.

Views alone, (without instrument)can be sent by mail.

Parties who wish to be advised of everything really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of leisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amateurs with everything necessary for their success together with instructions "How to take Stereoscopic Pictures."

E. ANTHONY
Importer and Manufacturer of Photographic Materials Stereoscopes and Stereoscopic Views.

☞ Merchants from every section of the country are respectfully invited to make an examination of our stock, as our discount to the trade will be liberal.

To Photographers.—First class stereoscopic Negatives wanted.

Send by mail a print unmounted with price of Negative. Jan 30, 4-mos

FAYETTEVILLE, NORTH CAROLINA:

P. J. SINCLAIR, Editor and Proprietor.

TUESDAY MORNING, MARCH 13, 1860.

NOTICE.—All persons are *expressly prohibited* from buying papers from the Carrier, either by single copy or contract.

FOR GOVERNOR,
JOHN W. ELLIS,
OF ROWAN.

GRAND RALLY

OF THE

DEMOCRATIC PARTY!!

RALLY!! RALLY!!! RALLY!!!

The Democratic *masses* will make their first appearance in the field, on the 22d inst,, in Fayetteville. The Democratic Dist. Convention will then be held. Also, A GREAT MASS MEETING of the party. GOV. ELLIS, EDWARD GRAHAM HAYWOOD, W. W. HOLDEN, of Raleigh, and JAS. FULTON, of Wilmington, are invited and will doubtless be present. A number of other distinguished gentlemen will address the *masses*.

☞ We are compelled to be absent at Harnett Court but will return to-night, when we will attend to the irrepressible conflict in the proper way. We intend to keep the thunder up, and do our duty, our whole duty, to the party and the State.

☞ We are indebted to Dr. John Regan, of Mowellsville, for a list of ten new subscribers, with the cash. That is the best medicine the Dr. has given us for some time past.

Gov. Winslow.—This distinguished gentleman called upon us yesterday—having come to visit his family—he looks well. It is not every day we have a call from one so prominent for the nomination of Vice President. Hurrah for Winslow for Vice President.

☞ We give below the substance of Govenor Ellis's speech in the Democratic Convention, as nearly as we can remember by our imperfect notes. He said:

The nomination of so intelligent a body, for so high an office was a compliment of which any one might justly be proud; he was grateful for the cordial approval his administration had received, not only from the Democratic Party, but also from the people at large; though at times his official actions had been misconstrued and occasionally misrepresented; he accepted their nomination, and with it the responsibilities and burthens it imposad.—They were never more weighty than now. Sixteeny ears had elapsed since in that very hall he had participated, for the first time in proceedings of a political assembly.—There were two great national parties arrayed against each other, upon questions merely of domestic policy. But one of these survived, but one had preserved its nationality;—the other was now exclusively sectional. He briefly alluded to the rapid rise of the Black Republican Party; an organization alike hostile to the rights of the South, and the safety of the Union. This and the National Democratic Party were the only great political parties of the country—all others were mere atoms.

"I assert here, gentlemen, and I maintain it as true, that the great issue between the two parties is the existence of African slavery. Men may talk to us about slavery, and say that our opponents do not intend to abolish it here where it now exists, but it is false. If any person be entitled to speak for this party, it is Wm. H. Seward," and what does he say? "The party of freedom," says he, "seeks universal emancipation." In power and out of power this is their sole purpose—their fixed and unchangeable aim."

In his celebrated Rochester speech, Seward had declared that there existed an irrepressible conflict between freedom and slavery and he had, with a number of Black Republican Congressmen, endorsed a book which declared that their purpose was unalterably fixed and that they were determined to abolished slavery, and they would do "so help us God."

But it is said by the apologists of this man that all the States have guarantees for the protection of this species of property!—how fallacious! How can the South expect this when the fact is before us that fourteen States have made inoperative the fugitive slave law! Can assassins keep faith, or murderers observe the law?

But it is asked, "how can slavery be abolished except by act of Congress." We answer by aid and encouragement, just such aid as was given by the Black Republican Governor of Iowa, to one of the Harper's Ferry traitors, except upon a larger scale. We have Senator Wilson's acknowledgment that he knew of John Brown's treasonable intention against the United States in his Kansas work—and we know that arms and money were contributed to him to carry out his purpose.

This man (Seward) with all his treason, with his hands reaking in the blood of his fellow-citizens, they would cover with the mantle of WASHINGTON and place him in the Presidential chair. Oh, gentlemen! this shame must *never*, *never* come upon this country—[cries of no, no, never, and applause]—the country looks to the Dem cratic Party to prevent this calamity, and it will not be disappointed.

But we have to meet obstacles of this nature at home. The Opposition say the northern Democrats are not sound and, we, no better than Black Republicans; but, gentlemen, this is not true. I am sorry that they can see no difference, for such an assertion will subject them to the imputation of obtuseness of vision. If there is a set of men who deserve the thanks of the country, it is these Northern Democrats. Without any interest to sustain, without any hopes of approbation, they nobly maintain the rights of the South agaist fearful odds.

I would ask you, Mr. President, what is the difference between a Northern Democrat and a Black Republican? It is this: Gov. Packer, of Penn., promptly surrendered a fugitive Harper's Ferry insurgent, while Kirkwood, Black Republican Governor of Iowa, recreant to his oath of office, harbored a traitor, and facilitated his escape.

"They say," said he, "that we will split in the Charleston Convention." "Democrats *differ*, but *divide* never!"—"they have no power to divide"—"there is no such word in the Democratic vocabulary.

I would not be surprised, although I was not present, that you had some warm discussions to-day and a great many different views and sentiments were expressed, but *divide* is altogether another word.

The territorial question is one upon which many good democrats differ, but they will not divide. It is purely a legal question, and no good democrat will be opposed to submit a legal question to the proper tribunal, if he does, he is no democrat, and with this assurance I predict that there will be no division or split at Charleston, for the country looks to the democratic party, it needs its services.

The Governor next paid his respects to the "National Conservative Union Party." And said that "a few respectable gentlemen"—politicians of a former generation, some of whom had honerably filled high political stations, but who had involuntaril retired from public service into the bosom of their families, where it is said, that true peace and contentment can only be found, lo! these many years, had met in conclave in Washington City the theatre of their departed glories—There dreaming again of those halcyon hours, "these venerable men" issued an address of much sound and little substance, bearing the chronner date of the 22d of February. They seriously propose to nominate two candidates from each State for the Presidency, and to call a Convention at an early day, and begin to nominate each other. Some have received the nomination, while the others are anxiously awaiting their turn."—(prolonged laughter.)—SIXTY-SIX candidates for the Presidency—*Great Heavens!* (laughter and applause), and yet they say the Democrats want all the offices. Can we call this a party? a fraction of a party? No, it is a sort of joint stock mutual admiration society, each member is anxiously wating his turn to be rotated into position, and it may not inaptly be compared to a lottery—a bogus gift book lottery would pay better. How stands it? They have a wheel of fortune in which are placed 66 blanks to one prize for the nomination, and in the Presidential wheel they have some *twenty million* blanks to no prize at all. Why, look at it! Fillmore, who was the strongest man in this company, in '56, received the Electoral vote of but one State," (a voice—"scarcely that." "The opposition have adopted *ad valarem* in this State as their hobby, and have sent forth a standard bearer, who, a few short months ago, an oath, as a representative in the Legislature of the State, by his vote declared *ad valorem* to be wrong in principle. They resolve warmly in favor of internal improvements and follow as near as possible the platform of the Charlotte Convention, and to carry out this they select a man who first distinguished himself by overthrowing a western democrat upon a proposition of internal improvement, a man who has uniformly voted against every Railroad proposed to be built during his term in the Legislature. They magnanimously awarded their special protection to foreigners, while they select as their guardian a third degree know nothing!" He regarded the opposition platform as a masterpiece of "contradiction, contrariety and antagonism." "It was thoroughly *Oppostion*—Professedly conservative;" they had seized the pillars of the Constitution, and threatened to shake the fabric to its basis. They proposed to violate the compromises existing between the East and the West."

They tell us the democratic party must go down, and that I must be overthrown on this question. Well, if I must, I will have to say that I fall battling for the Constitution of my country, erected by our fathers in the revolution and baptized with their blood—battling for that glorious instrument under which three generations have lived and prospered, unsurpassed by any other in the history of the world.

"Seward says that the democratic party must fall; and what say they? They say it is responsible for the agitation of slavery; the history of the party believes this; but were their assertions true the party ought to be dislodged. They say the repeal of the Missouri Compromise was the cause of the agitation; yet, the man who is said to have drawn up this libel *himself voted for its repeal.*

In conclusion, Gov. Ellis bade his friends be of good cheer, and promised that ere the summer's sun arose in the heavens they would see their opponents scampering away from their crazy platform like rats from a burning barn." (Applause.)

We regret that the report of this masterly speech is so imperfect, that injustice must be done to its distinguished author,—but it is the best we can produce.

DEMOCRATIC STATE CONVENTION OF NORTH-CAROLINA.

The Convention assembled in the Commons Hall, at ten o'clock, A. M. A very large delegation present.

On motion of J. U. Kirkland, Esq., of Orange, W. W. Avery, Esq., of Burke, was appointed Chairman temporarily.

On motion of W. R. Myers, Esq., of Mecklenburg, Messrs. John Spelman, of Rowan, and James Fulton, of New Hanover, were appointed temporary Secretaries.

On motion of J. W Norwood, of Orange, W. L. Saunders, of Rowan, was selected as reading clerk.

Mr. Avery, on taking the chair, tendered his acknowledgements to the body for the honor conferred upon him. He said the Convention had met to prepare to oppose all attempts to raise any new sectional issues, to enunciate and defend the time honored principles of the national Democratic party; that we had opposition in the North from a peculiarly sectional party which was hostile to our institutions, and threatened the destruction of the peace and harmony of the South.

We find also in our midst a set of guerillas, calling themselves the opposition party. They met in Convention merely to denounce us, and the main feature and bulk of their platform there laid down is but a bill of indictment against the Democratic party. The Democratic party is the only one that can save the country, and secure the blessings of a Constitutional Union. (Applause.)

On motion of A. M. Lewis, Reporters of the press were assigned seats on the right of the chairman.

On motion of W. R. Myers, the Convention took a recess of ten minutes in order to arrange lists of the delegates from the different counties.

The counties were then called and the names of the delegates handed to the Secretary.
(The length of the list prevents their publication.)

On motion of Mr. W T Dortch, of Wayne, a committee consisting of two from each Congressional District was appointed to report permanent officers of the Convention. The chair appointed the following:

1st District.—Wm. A Moore, Chowan, J P Jordan, Perquimans.

2d District.—W T Dortch, Wayne, G S Stevenson, Craven.

3d District.—W L Steel, Richmond, A A McKoy, Sampson.

4th District.—Wm. W Holden, Wake, J M Bullock, Granville.

5th District.—S P Hill, Caswell, J R McLean, Guilford.

6th District.—J A Waugh, Forsythe, A M Scales, Rockingham.

7th District.—J H White, Gaston, N N Fleming, Rowan.

8th District.—Jas. B Gordon, Wilkes, A M Erwin, McDowell.

The committee then retired to the Senate Chamber.

On motion of W K Lane, Esq., of Wayne, the Convention adjourned till three o'clock.

AFTERNOON SESSION, 3, p. m.

The body convened at 3 o'clock P. M. Hon. W. W. Avery in the chair. The committee appointed to report permanent officers, through their chairman, J. M. Bullock, of Granville, reported as follows:

Presidents: Hon. Dav'd S. REID, of Rockingham.

Vice President: J. T. Granberry, Perquimans, H F Bond, Lenoir, Walter F Leak, Richmond, G N Lewis, Nash, John Morrison, Moore, Jesse A Waugh, Forsythe, D Coleman, Cabarrus, M S Stokes, Wilkes.

Secretaries: James Fulton, New Hanover, John Spelman, Rowan, W L Saunders, Rowan, C H Foster, Hertford, P J Sinclair, Cumberland.

Mr. Bullock, then conducted the President to the chair, who said he felt profoundly grateful to the Convention for this manifestation of their esteem and confidence. He had met his political friends before, but never on so important an occasion as the present. He expressed his firm belief that the preservation of a constitutional Union depended on the success of the great national Democratic party. (Applause.) That they should sacrifice matters of minor importance—the success of the cause demanded it, and hoped that the concert of action which had always characterized the party, would at this time animate them. The Democratic party, added he, is the only Opposition to black Republicanism; it is for Union, but despises an unconstitutional one. He spurned the idea indignantly of sacrificing principle for the sake of temporary political ascendancy, as was done by those opposed to Democracy, and urged them to rally all their forces for the defence to the Union and as security for its perpetuity, to take a firm and decided stand on the Constitution and on all the great questions presented—demand their rights and receive nothing short of their rights. He hoped they would act with deliberation and caution and establish such a platform as would convince the people that they would protect their rights, their property and the Constitution. (Applause.)

Mr. Jno. Morrison of Moore, moved that a committee consisting of two from each congressional district be appointed by the chair to report business for the Convention.

Mrs. S. E. Williams, of Caswell, offered to amend so as to allow the delegates from each congressional district to appoint the committee.

Mr. Morrison spoke in favor of his proposition—said he had full confidence in the judgment of the President—that he was willing to leave the fifth district to the chair although it was the "hardest Know Nothing hole" in the State.

Mr. Williams said that so far from being a reflection on the chair, his admendment was intended and calculated to assist the President—that it was a universal custom to leave such appointments to the delegates, and reflected more fully the views of the Convention.

Mr. Morrison s motion, as amended by Mr. Williams, then passed.

Mr. J. M. Bullock moved that the rules of the House of Commons be adopted for the government of the Convention. Carried.

On motion of H. B. Watson, of Johnson, a recess of 15 minutes was taken in order to give time for the conference of the different delegations in accordance with the motion just passed.

On re-assembling the following persons were announced by the secretary as the committee on business, who were allowed till morning to make up their report:

1st District,—W. A. Moore, Chowan, H. K. Burgwyn, Northampton.

2d District,—Geo. S. Stevenson, Craven, L. W. Humphrey, Onslow.

3d District,—Jas. Fulton, New Hanover, W. L. Steele, Richmond.

4th District.—W. J. Saunders, Wake, Weldon N. Edwards, Warren.

5th District.—J. R. McLean, Guilford, S. P. Hill, Caswell.

6th District.—A. M. Scales, Rockingham, W. D. Bethel, Rockingham.

7th District.—W. R. Myers, Mecklenburg, S. W. Cole, Anson.

8th District.—W. W. Avery, Burke, S C. W. Tate, Burke.

The chair then announced a message from his Excellency, Gov. Ellis, requesting the presence of the members of the Convention at 9 o'clock P. M. at the Executive mansion.

On motion of H. K. Burgwyn, the invitation was accepted.

Mr. Fulton, of New Henover, introduced a resolution that the vote in the last Governor's election be the basis of the voting of the Convention.

Mr. Myers moved to amend by substituting the representation of the different counties in the House of Commons as the basis.

Messrs. Fleming, of Rowan, and W. N. Edwards, of Warren, opposed the amendment.

Mr. Myers withdrew his amendment.

Mr. Fleming then moved to amend Mr. Fulton's resolution by adopting the vote in the Presidential election of 1856 as the basis.

The resolution of Mr. Fulton, thus amended, then passed almost unanimonsly.

On motion of Mr. Moore, of Chowan, the counties formed since the last Presidential election, were allowed to vote as they did in the late Gubernatorial election.

On motion of W. L. Steele, Esq., the committee on business then repaired to the Senate Chamber.

On motion of E. G. Haywood, Esq., the Convention then adjourned till 7 o'clock P. M., at which time it was to meet in caucus.

FRIDAY EVENING, 4½ O'CLOCK.

The caucus held last night having adjourned to 9 o'clock this morning, its delibrations were continued until 4½ o'clock this evening, when the President, Hon. D. S. Reid, took the chair. and the caucus merged into a Convention.

Hon. W. W. Avery, of Burke, moved that the Convention take a recess until 7 o,clock.

Hon. D. M. Barringer and others opposed it—thought the business of the Convention should first be attended to—that it could be completed in a short time, and that the use of the hall was due to Mr. John G. Saxe, of Vermont, who was to deliver a address at 7 o'clock.

Mr. Avery withdrew his motion.

Mr. R. McLean renewed it.

Mr. McLean's motion was voted down.

Mr. Hill, of Caswell, called for the report of the committee appointed on yesterday to draft resolutions,

(*To be Continued.*)

☞ We take pleasure in inviting attention to Mr Guy's Card, which will be found in another column of our paper. Mr. Guy, proposes to establish, permanently in Fayetteville, a Classical School of the highest order. He come to us accredited by the Professors of Washington College, Va., as being thoroughly qualified for the profession for which he has labored zealously to prepare himself.

Late News.

FURTHER FROM EUROPE.

NEW YORK, March 12th, 1860.

The Steamer (N. G. L.) from Southampton, arrived here yesterday with dates to the 23d ult.

The advices from Rome announce that the Pope has in readiness a Motu Propria, already signed, realizing promises made at Gaeta, but that before promulgating it, he demands that the patrimony of St. Peter be guarantied him.

The electorial committee of Florence recommends the annexation to Piedmont as the only programme which candidates should profess.

Consols on Wednesday Evening closed at 95⅛ a 95¼.

LATER FROM CALIFORNIA.

The Steamer Atlantic has arrived from Aspinwal, with California dates to the 20th ultimo. She brings $1,200,000 in spiece. Her general news is unimportant.

LATER FROM EUROPE.

HALIFAX, March 12, 1860.

The Steamship Niagara, from Liverpool with telegraphic dates via Queenstown to the 26th ult., arrived here yesterday,

Cotton was quiet. Sales for the week 51,000 bales.

Bread Stuffs steady.

Provisions quiet.

Consols closed on Saturday evening at 64⅞ to 95, and for account at 95 a 95⅛.

INTERESTING FROM CALIFORNIA!

NEW YORK, March 11.—The steame *Atlantic* arrived to-day from Callforria on the 20th ult., and brings $1,200,000 in trasure.

The Jews of California had forwarded $20,000 fo the relief of their brethren who had been driven from Morocco.

Eight hundred men had secured claims in the new quicksilver mines in the Jeyser mountains.

Large companies at the Virginia mines had resumed operations.

At Heney Lake, the excitement about silver continued.

There were apprehensions of Indian difficulties, and an attack by the Snake Indians on the Warm springs reservation in Ore on. Gen. Harney was about to send sufficient force there to meet the emergencies of the case.

The sloop of war *St. Louis* left Aspinwall on the 17th, for Greytown.

Capt. Lambert, of the British war steamer *Vixen* was murdered at Lima.

In New Grenada the Liberal party was firmly established in the State of Boliver.

OYSTERS.
Oysters! Oysters!!
FRESH NORFOLK AND SPICED.
AT THE
MAGNOLIA RESTAURANT.

THE SUBSCRIBER begs leave to announce to the Public that he is in receipt of his Oysters, and will continue to keep them during the Season.

He also informs them that they can be supplied with Meals at his Restaurant, from 6 o'clock in the morning until 12 o'clock at night, with the very best the market can afford. He deems it superfluous to say he will spare no pains in making his Restaurant what the imagination of his customers may desire—one of the most respectable, clean and comfortable Eating Saloons that can possibly be put up any where.

☞ Families can be supplied with Oysters by the plate, quart or gallon.

REUBEN JONES, Proprietor
Nos. 12 & 14 Green Street,
Nearly opposite Shemwell House.

Purchasers will please write their signatures plain, and give their Post Office, County and State.

Circulars

Containing full explanations of our Schemes, &c., will be forded by mial, to any one sending us his name.

Address all orders to

HODGES, DAVIS & CO.,

Dec. 13, dly MACON, GA,

which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILLIOUS AFFECTIONS.

The quantity and quality of the bile are of vite importance to health. Upon the liver, the gland which secretes the fluid, these Pills operate specifically, infallibly rectifying its irregularities and effectually curing Jaundice, Billious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousand die annually of Dysentery, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pill upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregulrities which the especial annoyances of the weaker sex, and which when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma, Diarrhœa, Indigestion, Stone and Grave, Bowel Complaints, Dropsy, Influenza, Secondary Symptoms, Coughs, Debility, Inflamation, Colds, Fever and Ague, Inward Weakness, Venereal Affections, Chest Diseases, Female Complaints, Liver Complaints, Costiveness, Lowness of Spirits, Worms of all kins, Dyspepsia, Headache, Piles.

☞CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernable as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*Sold at the Manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines throughout the United States and the civilized world, in boxes at 25 cents, 62½ cents and $1 each. There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every Disorder affixed to each box.

MEDICAL.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

CONSUMPTION AND ASTHMA CURED.

DR. H. JAMES, discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchetis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter was given up to die. His child was cured, and is alive and well. Desirous of benefitting his fellow mortals, he will send to those who wish it, the receipt containing full directions for making and successfully using this remedy, free, on receipt of their names with stamp for return postage. There is not a single symptom of consumption that it does not at once take hold of and dissipate. Night sweats, peevishness, irritation of the nerves, failure of momory, difficult expectoration, sharp pains in the lungs, sore throat, chilly sensations, nausea at the stomach inaction of the bowels, wasting away of the muscles. Address, O. P. BROWN & Co. 32 and 34 JOHN STREET. New York.

The very worst cases of PILES cured in a short time; also diseases of the Stomach, Liver and Bowels.—There are many diseases incidental to women and children which are treated with distinguish success. All particulars will be given by letter. Dr Baakee can produce one thousand certificates of his perfect success in curing.

Cancers, Old Sores, or Ulcers, Hip Diseases, Fistula of every discription,

Scald Heads, Wens, Polypus of the Nose,

Or in any part of the body,

TUMORS AND SWELLINGS

Of every description, and without the use of the knife, or any surgical instrument. These last-named diseases cannot be cured by correspondence; therefore all such patients must place themselves under the Doctor's personal supervision.

Doctor Baakee has made a new discovery of "Fluid," that will produce absorption of the "Cataract," and restore permanent vision to the EYE, without restore to the knife. All diseases of the

EYES AND EARS

Are successfully treated without the use of the knife or needle. Dr. Baakee has constantly on had at his office a very extensive assortment of beautiful

ARTIFICIAL EYES

AND

TYMPANUMS, or EAR-DRUMS

which are suitable for either sex and all ages—inserted in five minutes. Ear-Trumpets of every description also every variety of artificial article known in the world—a large assortment of beautiful and durable

ARTIFICIAL HANDS,

with the Arm and Elbow attachment; ARTIFICIAL FEET, with the Ankle, Leg, and Knee-Joint attachment.

Theso articles are perfectly natural, and adapted for either sex, and can be sent by express to any part of the world. All kinds of Trusses for Hernia or Rupture of every description, for either sex, and Trusses particularly adapted for females in a week condition also for those with Prolapsus Uteri.

Doctor Baakee is one of the most celebrated and skillful physicians and surgeons now living. His fame is known personally in every principal city of the world.

All letters directed to Dr. Baakee must contain ten cents to pay postage and incidental expensas. All chronic diseases can be treated by correspondence, except those mentioned, which will require his personal superversion.

MOTHERS

Impresenting you with DR. FATON'S INFANTILE COR L we desire to state its superiority over every nostrum that s or qnack has heretofore offered you.

First It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them. Secondly—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child instead of deadening its sensibilities Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being dug from the forests under the direction of Dr. Faton, many of them by his own hands. Fourthly—It is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation viz:

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY COLIC, &c, also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it—Lastly—it cost so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising: for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, Cough, Cold, Head-ache, Palpitation of the Heart, Loss of of appetite, or pain in the side, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from Nervous Debility, or your sleep is broken and disturbed, if your Spirits are Depressed or your Organs relaxed, you will find in this an unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyspepsia, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking only one bottle. In Male or Female complaints and Weakness the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles. The "BLOOD FOOD" is effectual in all cases of Eruptions, Salt Rheum Scrofulas and other like complaints. Pale and emaciated children and adults are immediately benefitted by its use; it gives strength to the body and color and beauty to the skin. Physicians of all schools are using it with wonderful success.

For full directions, see circulars. Price $1 per bottle.
